### Invitation

Dear ASC customer,

It is with great pleasure that I like to announce the "Second International Meeting Advanced Skin Care: *Advances in Medical Aesthetics*".

After the success of the first edition in 2009, we are proud to present to you a variety of experts from all over the world.

This years meeting is different from last year because we have lectures in two rooms simultaneously.

One in the aesthetic dermatology room and the other in the plastic surgery room.

We also decided to dedicate 20-30 minutes to each of the lecturers.

Only this way we can guarantee an educational level that is of a high quality.

Each and every speakers has its own specialty and every section will be followed by a discussion amongst the audience and the speakers.

It was with the support of you, our dedicated customer, that we made this program possible.

We like to thank you for that support and hope that many of these programs will be organized in the future.

On the day before the congress, we have organized, for the second time, the ASC Golf Cup event.

This year at the Golden Eagle Golf Course. for the non-golfers, we offer a Golf Clinic, where you get acquainted with this funtastic sport.

I wish you a very good and successful day at "the Caldas Days".

Ies Korswagen & João Morais

CEO

ASC advanced Skin Care Lda.
